

Chapter 1      Points, Lines, Planes, and Angles

1-1      Points, Lines, and Planes

point                      location; no size; no thickness

A<sup>•</sup>

Sep 10-2:17 PM

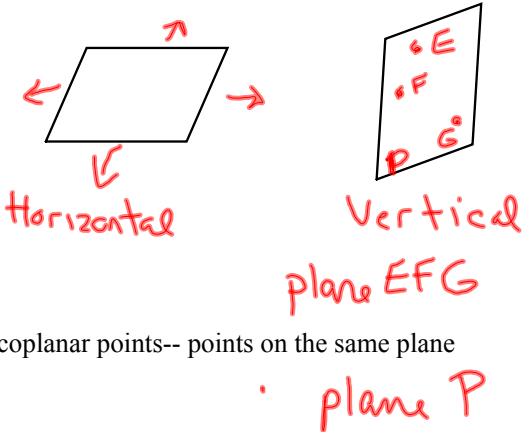

line                      made up of points; infinite in both directions; no thickness

collinear points--points on the same line

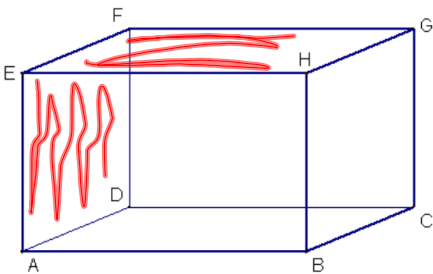

Sep 10-2:22 PM

plane      flat surface; infinite in all directions

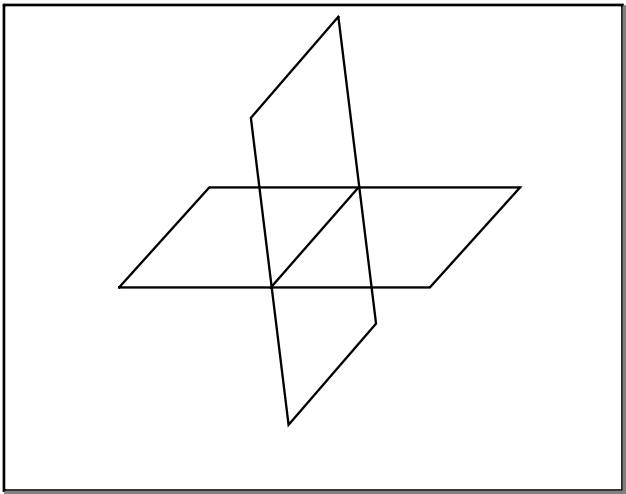

coplanar points-- points on the same plane

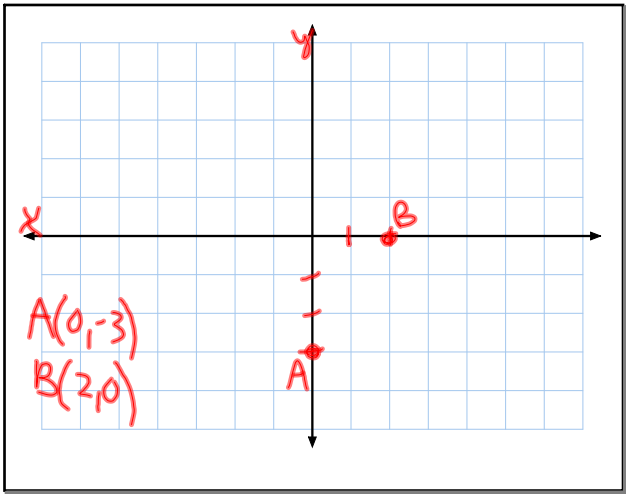

Sep 10-2:23 PM

Sep 10-2:26 PM

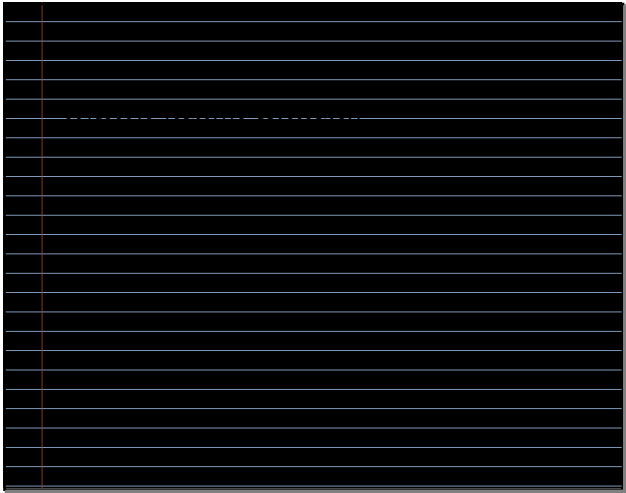

Sep 10-2:27 PM

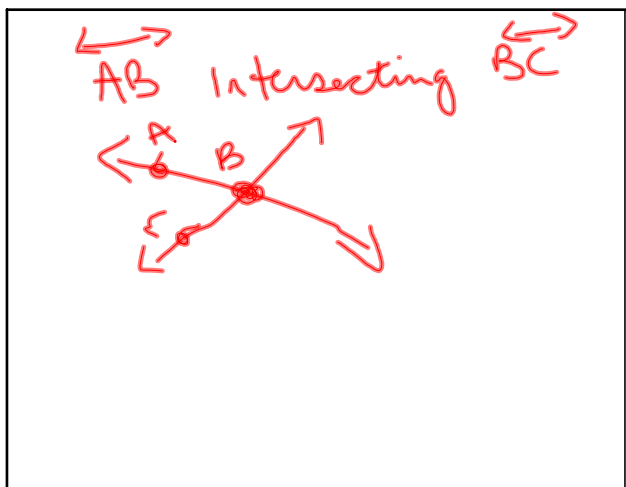

Sep 10-2:31 PM

Space--set of all points

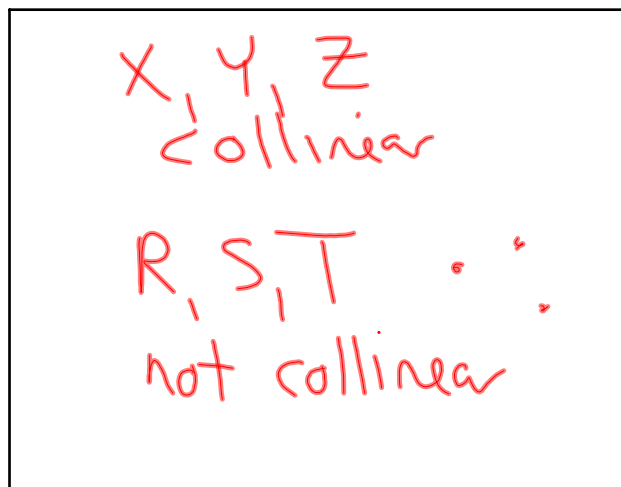

Sep 10-2:31 PM

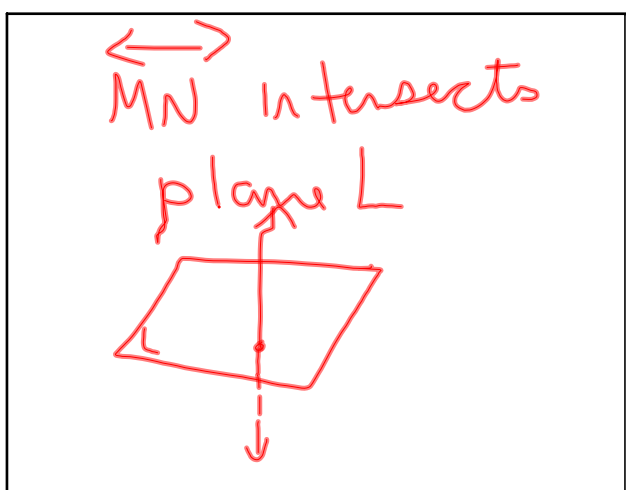

Sep 10-2:31 PM

Sep 13-8:20 AM

Sep 13-8:22 AM

Sep 13-8:24 AM
